

Parmesan Polenta

Description

Serves 2-3. Comfort food at its finest - and most convenient! Corn polenta, milk, Parmesan cheese, butter, and a touch of salt come together in this creamy polenta side dish. Simply microwave to serve.

Cooking Instructions

This is an all-in-one dish.

Freezer to Microwave: Loosen the lid and microwave, covered with loosened lid, 6-7 min on high power until steaming throughout. If you prefer not to microwave in the plastic container, transfer frozen polenta to a microwave-safe dish, cover, and follow the above instructions. Stir well before serving.

Please Note: Cooking times are estimates and vary based on your actual oven, stovetop, or slow cooker, as well as item thickness and starting temperature. For best results, always verify the internal temperature of your meals. We recommend instant-read pocket thermometers – they are inexpensive, convenient, and very easy to use.
