2. Place pan on a baking sheet and place on the lower oven rack.
3. Bake loosely covered with foil for 50 minutes.
4. Uncover and bake 30–45 minutes more, until top is golden brown and center is firm.
5. Let rest 15 minutes before serving.

Internal temp: 165°F.

Serving Suggestions: Serve with squeezed orange juice and a mixed berry salad.

Please Note: Baking times are estimates and vary based on your actual oven, pan placement, and how frozen the strata is when placed in the oven. For best results, bake until the center is firm and internal temp reaches 165°F.
