

Pumpkin Cookie Batter

Cooking Instructions

This is an all-in-one dish.

Thaw: Preheat oven to 350°F. Drop a tablespoon of cookie dough 2 inches apart from one another on a cookie sheet. Bake for 15–20 minutes, or until golden brown. These cookies are soft and cake-like.

Serving Suggestions: Vanilla ice cream and hot apple cider. Or top with our delicious cream cheese frosting.

Optional At-Home Tip: If you have pecans at home, press a whole pecan into the batter before baking for a pretty touch.

Please Note: Baking times are estimates and vary based on your actual oven, pan placement, and how thawed the dough is when placed in the oven. For best results, bake until golden brown.
