Parmesan Mashed Potatoes

Cooking Instructions

This is an all-in-one dish.

Mashed Potatoes Cooking Method – Choose One:

> **Freezer to Oven:** Preheat oven to 350F. Bake from frozen for 30 min or until steaming throughout.
>
> **Microwave:** Microwave in a microwave-safe dish until heated throughout. Some microwaves can handle aluminum containers, provided they do not touch the edges of the microwave.

Internal Temperature: 165F.

Please Note: Cooking times are estimates and vary based on your actual oven, stovetop, or slow cooker, as well as item thickness and starting temperature. For best results, always verify the internal temperature of your meals. We recommend instant-read pocket thermometers – they are inexpensive, convenient, and very easy to use.
